Guidelines for Empanelment of Designers through Design Contest

Objective

Many of the handloom weavers require the services of designers in handloom clusters. Since, the present guidelines provide for engagement of qualified designers only, it is difficult to arrange designers, particularly in remote areas. There are many good designers who can make excellent designs but cannot be engaged due to lack of requisite degrees. It has been, therefore, decided to hold a Design Contest open to all designers and empanel them for taking their services in the clusters.

Eligibility

The competition is open to all persons engaged in designing for the handloom products. The participants must be above 21 years of age.

Modalities and requirements of Submission

The empanelment will be done WSC wise. The designs must carry the name of the applicant. The Following technical specification of the designs must be attached to each design:-

1.	Name of the product	
2.	Raw material for warp (cotton/silk/wool etc.)	
3.	Raw material for weft (cotton/silk/wool etc.)	
4.	Count of warp	
5.	Count of weft	
6.	Ends per inch	
7.	Picks per inch	

The interested persons may send their bio-data in the prescribed format (Annexure-I) along with three designs (Manual or computerized) each to the concerned Weavers Service Centre

Last date for the submission of designs

The designs with specifications and bio-data must reach the concerned Weavers Service Centre within one month from the date of publishing of advertisement in the newspapers.

- Applications from designers will be invited by WSCs concerned to get better local participation through advertisement in the leading newspaper(s) in the regional languages.
